## PENNOYER NEWMAN

DISTINCTIVE GARDEN POTS CAST FROM ESTATE ORIGINALS

### OUR HISTORY:

Over 25 years ago, our founder Cecily Pennoyer began casting garden pot replicas from her estate originals as gifts for family and friends. Encouraged by their enthusiastic response to these authentic, "lead-like" reproductions, Cecily partnered with Virginia Newman Yocum nearly 15 years ago to expand the business. Today, Pennoyer Newman replicates over 400 planter styles and sizes that have once graced the great lawns of the private and public estates of J.P. Morgan, Clay Frick, Daniel Guggenheim and many more.

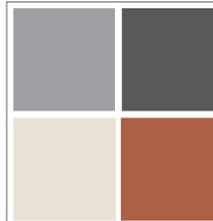

### OUR PRODUCTS:

Lightweight and weather resistant, all of our products are made of pummeled marble and rock that are mixed with resin and hand cast, one at a time, in New York City. Our commitment to quality and personalized service allows us to offer you, our clients, the most extraordinary garden planters available today.
